

Technicians Skills Sheet

Please submit this along with the application form and resume if you are applying for a design / technical / management position.

Please fill out this *entire* questionnaire. It will help us determine what you know and how to best use your skills during your internship. Your honesty will benefit both of us during your internship so if you do not have an answer, please say "I don't know." You may attach additional pages if needed. Thank you.

1. Describe how and why you go into technical theatre.
2. What parts of technical theatre do you enjoy and what do you feel you are best at?
3. What do you least enjoy and what do you feel are your weakest areas?

LIGHTING

1. Briefly describe your experience with theatrical lighting (include course work, designs, light crews...)
2. What process would you follow if, during a pre-show light check, a single instrument did not illuminate when the dimmer was brought up?
3. Describe the responsibilities of a Master Electrician.

AUDIO

1. Briefly describe your experience with live and recorded audio show operations. Describe your most recent production / event, working with sound.

3. Describe / illustrate the basic path of sound from a microphone to the audiences ears.

SCENIC / PROPERTIES

1. Describe your experience in a scenic shop.

2. List the shop equipment you fell comfortable and are competent using.

3. Describe your experience in the area of properties.

STAGE MANAGEMENT / SHOW OPERATIONS

1. Please describe your stage management philosophy.

2. Please describe your experiences with show operations (running crew).

COSTUMING

1. Please describe the extent of your experience in costumes. (Include course work, designs, costume crew, and related experience: hair, make up...)
2. Describe your sewing skills, hand sewing and machine.
3. Do you have any additional experience in other costume related areas?
